
Ruslan Abildin

Frontend Team Lead / Frontend Developer

Karaganda, Kazakhstan

(+7) (706) 605-12-56

iamceltic9@gmail.com

PROFESSIONAL SUMMARY

Senior Frontend Developer with 4+ years of commercial experience building modern web applications and leading frontend teams. Specialized in React, Next.js, and TypeScript, with a strong focus on software architecture, engineering best practices, and performance optimization.

Experienced in delivering products throughout the entire development lifecycle — from gathering business requirements and designing technical solutions to production deployment and long-term maintenance. Passionate about building scalable applications, mentoring developers, and improving development processes.

Core Tech Stack

React • Next.js • TypeScript • Zustand • Redux Toolkit • Vite • Node.js • GitLab CI/CD • Feature-Sliced Design

PROFESSIONAL EXPERIENCE

WOOPPAY (FinTech Company)

Frontend Development Team Lead

March 2023 – Present

- Led a frontend team of three engineers, conducting 1:1 meetings, mentoring developers, and ensuring high code quality and timely delivery.
- Established development standards and defined the technology stack for new frontend projects.
- Collaborated with product managers, analysts, and stakeholders to estimate, prioritize, and plan feature development.
- Introduced the Feature-Sliced Design architecture, improving project scalability and maintainability.

-
- Designed and developed an internal UI component library published via npm with automated CI/CD, enabling component reuse across multiple projects.
 - Managed projects throughout the full development lifecycle, from business requirements to production releases.
 - Developed internal administrative dashboards using **Next.js**.
 - Refactored legacy codebases, reduced technical debt, and improved application maintainability.
 - Optimized application performance, reducing bundle size and improving loading speed.
 - Investigated and resolved production issues to ensure system stability and reliability.

Frontend Developer

April 2022 – March 2023

- Developed and maintained web applications using React, TypeScript, Vite, and styled-components.
- Built a new payment platform from scratch, which became the company's primary web payment application.
- Implemented multiple payment methods, including bank cards, Apple Pay, Google Pay, Woopay Wallet, and mobile carrier billing.
- Designed a flexible UI customization system, allowing clients to personalize the application's appearance without modifying the source code.
- Reduced the production bundle size by approximately 30%, significantly improving application performance.
- Achieved approximately 80% unit test coverage using Jest.
- Implemented multilingual support.
- Developed a frontend integration layer for a NestJS backend.
- Enhanced existing products by delivering new features, fixing defects, and maintaining production stability.
- Participated in code reviews and architectural discussions.

STEP Computer Academy – *Programming Instructor*

August 2018 – March 2022

- Taught courses in web development and programming, including HTML, CSS, JavaScript, React, Vue, Angular, Python, C#, and C++.
- Designed educational programs, conducted practical workshops, and supervised students throughout their projects.

Freelance – *Frontend Developer*

August 2018 – December 2019

- Built responsive websites based on Figma designs.
- Extended and maintained existing frontend applications.
- Customized WordPress themes and integrated user interfaces.
- Worked directly with clients, gathered requirements, and independently delivered projects from concept to release.

Petrovskaya Secondary School – *Computer Science Teacher / IT Engineer*

September 2012 – August 2018

- Taught computer science, programming, and robotics.
- Administered computer classrooms and maintained the school's IT infrastructure.

EDUCATION

Karaganda Buketov University – *Bachelor's Degree in Computer Science*
2017

EXPERTISE

- Frontend Architecture
- Team Leadership
- Performance Optimization
- Mentoring
- Code Review
- Design Systems & UI Architecture
- CI/CD
- Technical Planning
- Software Architecture

TECHNICAL SKILLS

Frontend

React • Next.js • TypeScript • JavaScript • HTML5 • CSS3 • SCSS

State Management

Redux Toolkit • Zustand

Build Tools

Vite • Webpack • Rollup

Testing

Jest • Vitest

Backend

Node.js • NestJS • Express.js

DevOps

Git • GitLab CI/CD • npm

Architecture

Feature-Sliced Design • REST API • Monorepo

TECHNICAL SKILLS

Russian — Native

Kazakh — Native

English — Upper-Intermediate (B2)
